## DID YOU KNOW?

Currently several capital improvements are taking place on campus. A new ramp and outdoor learning area is being installed on the elementary building, new decking will be completed on the modular units, the parking lot has been crack filled, sealed and striped, G1, G2 & G3 will be converted into larger classrooms and M4 & M5 will be set up for CDC classrooms. The Welcome Center and Sanctuary remodel is also underway. New carpet, paint, chairs and upgraded media will complete the main building remodel and prepare us for a great 2020-21 fiscal year. It's a busy time on campus!

Due to the growth of Grace Christian School, a new 6000 square foot building has been placed on the property to accommodate six additional classrooms for the 2020-2021 academic year. Pray that this facility will be used to reach more souls for Christ!
